SUMMARY

I have been a Computer Service Technician for more than 10 years. To keep up with the demands of the industry and to further develop as an I.T. Professional I have enrolled and recently completed a Web Development Immersive program under General Assembly.

Being able to create software applications for the needs of businesses and enjoyment of others has become a passion. I am looking for a role where I can further develop my newly found Web Development skills, at the same time offer my experiences and existing skill sets.

TECHNICAL SKILLS

Software

HTML5 | CSS3 | JAVASCRIPT | JQUERY | RUBY | RUBY ON RAILS | SQL | POSTGRESQL | BACKBONE.JS | UNDERSCORE.JS | NODE.JS | HANDLEBARS.JS | REACT.JS | RSpec

Hardware

Desktop – Notebook – Server Repairs | Wireless Peripheral Installs (routers, transmitters and receivers)

EXPERIENCE

GENERAL ASSEMBLY | WEB DEVELOPMENT IMMERSIVE Course | Student
Melbourne, VIC

February 2017
